Priorities include developing inspiring youth programmes with the goal of helping teenagers develop their gifts, leadership skills, musical and creative abilities as an integral part of their maturing faith.

St. Margaret's is a vibrant, open church located in south Etobicoke. Our mission is to bring light and hope to our community, where we are well known for our outreach work. The majority of our congregation is involved in one or more of our ministry areas: spirituality, youth, seniors' ministry and vulnerable adults.

We are hopeful of receiving substantial funding to initiate major renovation to our building. As we begin a time of transition, we are looking for ways to expand qualitative ministry to our youth. Those applying should be able to work in a climate of change, be self-motivated and bring creativity to this ministry. We have recently received some funding to develop a music ministry for youth. Those applying should be able to enhance our youth ministry through the addition of music.

The position begins in January, 2010. If you are interested in being part of exciting ministry developments, please submit a letter outlining your qualifications for the position, attaching a resume and the names of three personal references by November 30, 2009 to:
